

# Featured Employer Program

www.coroflot.com

Boost awareness of your company & your jobs on Coroflot by over 300%

We make it easy to reach a huge market of passive candidates with a message tailored to them and presented in the right context.

**Coroflot's Featured Employer Program is an advertising program designed to highlight the presence of your company and your available jobs on Coroflot. It's the most effective way to reach and engage our audience.**

*"frog design has always loved Coroflot as a hiring portal, but since we became a Featured Company it has increased our resume flow and quality from great to EXCELLENT!"*

*- Hunter Smith, frog design*

When you participate in the **Featured Employer Program**, your company's logo will appear in several high-visibility locations on the site. Your logo will link to your company's **Employer Profile Page**, which displays your logo, a description, location and a link to your web site. Your profile also aggregates all your currently active job listings, providing a single-page snapshot of who you are and the type of candidates you are seeking. Your profile page is created by you, and can be updated and edited at any time.
